

Is your laptop ready for your studies?

Here is a list of [minimum requirements](#) that Fontys sets for a computer to be used for education. This includes the applications Microsoft Office 365 or Office 2019/2021, DLO and tests.

The camera and headphones are intended for use with MS Teams.

Microsoft

Processor: Intel Core i5 series/AMD Ryzen 5 series

Memory: 8 GB RAM

Hard disk: 128 GB disk space

Network: Wifi

Display: 14 inch screen van 1280 x 768

Mouse: recommended

Camera: recommended

Headphones/earphones: recommended

Browser: The latest version of Edge Chromium, Safari, Chrome of Firefox

Mac

Processor: Intel-processor/Apple Silicon processor

Memory: 8 GB RAM

Hard disk: 128 GB disk space

Network: Wifi

Display: 14 inch screen van 1280 x 800

Mouse: recommended

Camera: recommended

Headphones/earphones: recommended

Browser: The latest version of Edge Chromium, Safari, Chrome of Firefox

Note: Chromebook/Linux-based systems are not suitable because various DLO components, including TestVision and the lockdown tool, will not work.

Note: Windows 10/11 in S mode are not suitable, Windows 10/11 Home of Pro are suitable.

Because the digital education market (software and IT hardware) is constantly changing, these student laptop specifications are a recommendation for the minimum requirements your laptop should meet. However, Fontys University of Applied Sciences cannot guarantee that during the term of your studies this market will not make additional demands, or offer new hardware that is less suitable. We will of course do everything possible to limit the impact on you (your laptop) and inform you to the best of our abilities.

This advice is for the academic year 2024-2025
